TAOS

AT
LONE TREE

We're extremely proud that Professional Builder magazine selected our Taos townhomes as "one of the 16 best in the U.S." We believe you'll concur when you first tour the six distinctive models.

Our initial concern was to avoid the ordinary, stereotyped townhome design so prevalent today. Since we've always admired Southwest architecture, we decided the Taos "look" not only met our criteria for design excellence but also fits in beautifully with the dramatic setting at Lone Tree.

Thus, our terra-cotta tile roofs, stucco exteriors and private walled courtyards. Inside, you'll experience an open space feeling everywhere from our extensive use of windows and skylights, great vaulted ceilings, balconies, loft areas and walk-out decks. In addition, we added the convenience of a basement and two-car attached garage to each model.

For those who prefer townhome living, but are still looking for something "unique"—we invite you to Taos of Lone Tree.

THE WITKIN GROUP — BUILDING CHARACTER

Buying a home is not a simple task. In fact, it's probably the biggest investment you will ever make.

The Witkin Group has taken a more professional approach to assist you in your evaluation and decision making process.

Our goal is to provide our purchasers with a well designed, well built and carefully thought out new home "package".

We want to protect our customers from a barrage of extra charges and hidden options that take the joy and excitement out of a new home purchase.

We do, of course, provide for certain personalized and customized features that you may select to meet your individual needs.

It is important today to make an accurate comparison of products in the market and we expect you to ask our product to meet and exceed the competition in every respect. With that thought in mind we have carefully prepared this evaluation sheet for your review.
