Deadline is the 15th of each month preceding publication. All ads must be high resolution jpeg or tif files. Photographs to be used must be half tone. Pay for three months at the time you place the ad and you will receive the 4th month free.

Architectural Control Notice

Homeowners are required to submit an "Application for Architectural Change" form to the HOA if you are planning to make updates, replacements or other improvements to the exterior of your home or property; even if you are replacing or updating with similar products or the same paint colors. Anything visible on the outside of your house or within the yard must be submitted for approval to the Architectural Control Committee (ACC) as our covenants require.

Applications must be accompanied by complete plans, sketches, samples, color chips and/or other pertinent information so that the ACC has as complete an idea of your project as possible. When requesting fence changes, sheds, accessory buildings, or play structures, also submit a drawing of your yard showing the location of the fence or item and indicate the material, height and style of the proposed fencing, shed or structure.

Forms are available at the office or on the website at www.homesteadinthewillows.org.

HOMESTEAD IN THE WILLOWS HOMEOWNERS ASSOCIATION

Regular Board Meeting August 9, 2011 – Unofficial Minutes

CALL TO ORDER: Board President, Reed Richardson, called the meeting to order at 6:27 p.m. Board Members present were Aloah Kincaid, Chris Raab, Christopher Molke and Bill Shelden; as well as Business Manager, Katie Kidwell; Pool Manager, Jaylene Jones; Landscape Manager, Nancy Bauer; and Tennis Manager, Melissa Shuck.

FINANCIAL REPORT: Treasurer, Aloah Kincaid presented the Board with an amortization schedule prepared by the Auditors for reporting the Comcast income. The financials will show only partial payments going forward. The HOA will defer the revenue over ten years. The estimated tax payments will be re-calculated as well. Expenses totaled \$90,943 during July, 2011 and included \$41,878 in Pool Expenses, \$25,471 in Land Maintenance charges, \$17,171 for Trash and Utilities and \$1,068 in Tennis Expenses.

MANAGER REPORTS

1. **POOL:** Pool Manager, Jaylene Jones, reported that the thermostat at the South Pool malfunctioned causing the temperature to rise to 94 degrees. The high temperature caused an algae bloom, which Front Range had trouble clearing up. After having the water tested, it was determined that the phosphorus was far too high and so chemicals to remove phosphorus from the water were added. The pool remained safe for swimmers while the water was being treated. Jaylene also reported further problems with continuing leaks at the North Pool wading pool. Signs had been posted at each pool alerting residents to the closing dates. Jaylene asked if the Board wanted to host Doggie Days again at the West Pool. This proved very popular last year and the Board agreed to host the event on Saturday, August 27th from 10 a.m. until 12:30 p.m.
2. **LANDSCAPE:** Landscape Manager, Nancy Bauer, reported that construction of a new concrete block retaining wall at the southwest corner of the South Pool lawn would begin the week of August 8th. She also reported that there were multiple areas where homeowner tree branches or shrubs draped over or through the perimeter fence. Nancy's usual practice was to trim anything hanging over the fence into the common area. The Board saw no reason to change the practice as it had worked well in the past. Nancy also reported planting 10 trees this year, 57 over the last four years.

3. **TENNIS:** Tennis Manager Melissa Shuck announced that both the West and North courts received new rebound nets. LERenner donated the net at the West Courts when it installed it there by mistake instead of at the North Courts.
4. **BUSINESS:** Business Manager, Katie Kidwell, updated the Board as to the status of various liens, fines and outstanding HOA dues payment. The Board directed Katie to send letters to those homeowners who had not yet paid their late fees cautioning them that fines would begin to apply in accordance with the Covenant Enforcement Policy.

OLD BUSINESS: Final Audit Report: The Board discussed whether or not to include the schedule of recommended replacement costs for the common area property in the report. The Board decided that to include the report might imply the schedule was fixed and the Board needed the flexibility to change the order of replacement if necessary.

NEW BUSINESS: Dumpster Day was scheduled for Saturday, September 10th from 8:00 a.m. until 10:00 a.m. at the North Pool. Electronics Recycling would be offered as well.

ADJOURNMENT AND CALENDARING: The meeting adjourned at 7:14 p.m. Aloah moved and Christopher Molke seconded that the Board move into Executive Session at 7:15 p.m. to discuss the ongoing litigation. Motion Passed. The next regular Board Meeting will be on Tuesday, September 13th at 6:30pm at the Business Office.

WATERKETCH SPRINKLER

More compelling water facts!!

- *It takes an average of 1.75 gallons of water to produce 1 sheet of paper.
Its only takes .7 gallons of water to produce 1 sheet of Recycled paper.
Recycling paper saves water!*
- *Two large expanses of turf along Homestead Parkway are watered from
below the turf by dripline tubing rather than by standard sprinkling on
top of the turf. These areas water during the late morning.
These zones take 1/3 the amount of water to keep turf green.*
- *Rain Water Harvesting is finally legal in Colorado.
Ask us how to "Ketch" your water!*

Water. Worth Saving.

LANDSCAPE LOGIC

By Nancy Bauer

The calendar may still say summer. But in Colorado, the thermometer is already saying fall-ish.

We've noticed daily highs getting cooler and the daylight hours getting shorter. But did you notice the much cooler nights? Right now, average night time low temps are more than 10 degrees cooler than they were on August 1st. Cooler nights combined with fewer hours of daylight slows lawn growth considerably; that means it's time to crank down the water and soon, and slow down the mowing.

Gardening tips for September:

What to plant

With the soil still warm but the night temperatures declining, now is a great time to plant! Did you know that 80% of a tree's new root growth occurs from late summer until the ground freezes? Container grown and balled and burlapped trees and shrubs can be planted through October. The sooner things are planted in the fall, the more time is allowed for strong and healthy root development.

Fall annuals: Pansies and flowering kale can be planted in beds or containers. They will look bad in the height of winter but will come back in spring. Fertilize them weekly until we get a killing frost.

Biennial flowers: Sown now, biennial flowers usually will bloom next spring or summer. Foliage rosettes will emerge in autumn or late winter.

Perennials: If you're making new beds or borders this fall or renovating existing ones, perennials can be divided or moved. Use a digging fork or shovel to lift a clump. It is also a good time to plant new perennials.

Spring flowering bulbs:

Spring flowering bulbs need to get their roots estab-

lished before subfreezing weather sets in for good. Water all bulbs in well as you plant to stimulate root growth.

Grass Seed: Now is a good time to sow grass seed to renovate your lawn damaged from insects, drought stress, dog damage, or disease. The seed must stay moist for germination about 21-28 days

***Don't forget to water, especially new plantings, but also everything in your landscape every 3-4 weeks throughout the fall and winter if we have no snow cover. Our soils can become extremely dry during winter and roots still need moisture to survive!**

What to Clean Up

After frost, most annuals and vegetables look pretty sad. Pull them up and compost them, unless they have pretty seed heads you want to enjoy in winter.

Tools: Give tools a thorough cleaning before you store them in a dry place for the winter. Rusty blades will benefit from steel wool, light oil and elbow grease. Fall is a good time to replace those beyond repair, as many stores will have tools on sale.

Sprinklers and hoses: Sprinkling systems need to be shut down and cleared. Hoses should be coiled and stored to prevent winter cracking. Keep one handy, however, for winter watering.

Pots: Empty soil out of pots. Store them upside down, under a tarp is preferable, or in a shed or garage. This helps prevent damage from alternate winter freezing and thawing.

Tree limbs: If you notice any limbs that are vulnerable to snow damage, pedestrians or cars, deal with them now.

Roses: Roses are susceptible to late pruning and can often be killed by such treatment. Hybrid tea roses, however, will benefit from a mound of soil around the base of the plant. You can use potting soil from your patio containers.

CDE CITES CCSD FOR "IMPORTANT" GROWTH GAINS ON CSAP

Cherry Creek School District students continue to surpass state averages on the Colorado Student Assessment Program Growth Model, which show the progress of the same students over time as they move from grade to grade.

In a report to the Colorado State Board of Education, Senior Research Consultant Dr. Bill Bonk cited the Cherry Creek School District for "important gains across the district." Growth was particularly strong at the elementary level, and 10 elementary schools showed very high growth in the past three years in at least one subject area.

"We are very pleased that the state board has recognized the hard work and dedication our teachers have demonstrated to produce these results," Cherry Creek School District Superintendent Mary Chesley said. "They exemplify our motto of "Dedicated to Excellence" every day.

The Growth Model follows students CSAP scores in Reading, Writing and Math from grade to grade to

determine whether they are making enough progress each year to stay on grade level, move ahead or catch up if they started the year below grade level. Overall the district showed more than typical growth in all subject areas and the percentage of students scoring proficient or advanced is well above the state average and most other districts in the metro area.

Cherry Hills Village Elementary demonstrated very high growth over the last three years, as did Peakview, Cottonwood, Belleview, Canyon Creek, High Plains and Dry Creek elementary schools in all three subject areas.

More than 40% of schools showed high growth in one or more subject areas, and more than 20% demonstrated very high growth in the past three years in at least one subject area.

One area of concern for the district is growth in middle school math where the district average dropped slightly below 50%.

"We are studying those results closely to determine what needs to be done to improve growth at the middle school level," Chesley said. "This year's seventh-grade math scores saw the greatest gains with an increase of five percentage points to 63% above last year's seventh-graders on the annual CSAP snapshot results. We need to find out why we are seeing that discrepancy."

High school continues to show more than typical growth with an increase in the median growth percentile in all three subject areas. Overland High School showed very large gains in all three subject areas as did Grandview in reading and writing.

For all school results, please visit www.schoolview.org.

ARAPAHOE PHILHARMONIC

now at Mission Hills Church

The Arapahoe Philharmonic begins its 58th season with a concert at the new Mission Hills Church, on September 30th. This facility features a 1000 seat concert venue, exceptional acoustics, a large lobby, and abundant parking. The opening concert features the music of Respighi, and Brahms. See the Arapahoe Philharmonic website for an orchestra profile, and its entire season schedule and program.

www.arapahoe-phil.org

Date: Friday, September 30th, 2011 at 7:30 p.m.

Location: Mission Hills Church, 650 Southpark Drive. Just off County Line Road, ¼ mile west of S. Broadway.

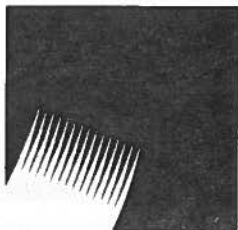

Ticket information: Call the Philharmonic office at (303)781-1892, or on the website.

Bring the family for great classical music, close to home, and at an affordable price.

LAP SWIMMING

The last day for Lap Swimming at the North and South Pools will be on Monday, September 5th. You may return your lap swimming key card to the Business Office for recycling, or throw it away. A new key card and lap swim waiver will need to be signed for the 2012 swim season.

Everyday Book Club

Read the book and join the club! Arapahoe Library District is one of the participating libraries

in Channel 2's Everyday Book Club. This month's book is *The Coffins of Little Hope* by Timothy Schaffert.

LIBRARY PROGRAMS

Sheridan • Smoky Hill • Southglenn

Programs at Your Home Library

Find out what's happening this month:

Castlewood • Davies
Eloise May • Kelver •
Koelbel • Outreach Services

Featured Library Programs in

August Don't miss these featured programs!

Music of the Middle East

Kids: be introduced to the sounds of the Middle East and try out a "doumbeck," a hand drum, during "Music of the Middle East."

IT'S MONEY, HONEY

BOTTLE CAP FRAMES

POSITIVE THOUGHTS

Teens: have fun without breaking the bank! Buy iTunes, movie tickets and a pizza during "It's Money, Honey." An advisor from TCF Bank will answer your money questions.

Teens: create a unique picture frame using bottle caps during "Bottle Cap Frames."

Evaluate your thoughts about employment situations and learn to change those thoughts to more positive, effective ones by attending "Positive Thoughts Yield Abundant Job Prospects."

Annual Used Book Sale of Koelbel Library

Friends Annual Used Book Sale

Save the date for next month's Friends Annual Used Book Sale. This popular sale will be September 8-11 at Koelbel Library.

Support the Arapahoe Library District by becoming a member of the Friends Foundation. Join today!
