The Overlook

Purchase Process

I. Ready to Buy List

"Love the Overlook, and want the opportunity to buy"

Once you have decided to build a home on our currently available sites in The Overlook, you will be asked for a \$5,000 fully-refundable deposit which will add you to the Ready to Buy List. When a start date becomes available, you will be contacted by a sales representative and given the opportunity to move forward. If you are ready to purchase at that time, you will execute the Preliminary Purchase Agreement; if not, we will move to the next home buyer on the List. If you are not ready to purchase, you may move to the bottom of the List and be contacted when future opportunities arise, or you may opt to be removed from the List and your \$5,000 deposit will be promptly refunded.

II. Preliminary Purchase Agreement

"We are ready to buy"

Once you have committed to building a home and a start date is available, it's time to execute the Preliminary Purchase Agreement. You will select your plan, elevation style, and home site. An additional \$5,000 deposit and a preliminary loan approval letter are required at this time to move forward. Once the Preliminary Purchase Agreement is executed, the entire \$10,000 deposit becomes nonrefundable, and you will begin to secure your permanent home loan. This step reserves your construction start date; it also begins the Selection Process.

III. Selection Process

"Time to make your new home uniquely yours"

During the Selection Process you will be introduced to your construction coordinator who will walk you through the process of choosing almost everything for your new home. You will have approximately three weeks to make a majority of your selections including floor plan options, exterior colors, cabinets, appliances, plumbing fixtures, electrical additions, lighting fixtures, and more. You get the idea - it's a lot of decisions, but we have a very good system to help you through the process. You will meet regularly with your construction coordinator who will also be available via e-mail and by phone. Additionally, you will be given a USB flash drive of your new home selection options so you can add or delete options to see how they affect your overall purchase price and estimated mortgage payment. Once your Selection Process is complete, it's time for the Purchase Agreement.

Note: Some interior color selections, including tile, granite, and carpet, will be chosen at the beginning of drywall installation.

HERITAGE HILLS

A legacy of fine living awaits your family at Heritage Hills. After all, spectacular amenities, friendly neighbors and a short commute to work and shopping mean more quality time enjoying all that life here has to offer.

Located just minutes from Park Meadows Retail Shopping District and the Inverness and Denver Technological Center office parks, everything that residents of Heritage Hills need is close at hand, including award-winning Douglas County Schools and a grocery store within walking distance. Should you choose to go downtown for work, or arts and entertainment, your new community is also within walking distance to the Lincoln Light Rail Station. Traveling or skiing? Heritage Hills has easy access to both Denver International Airport and the mountain resorts via E- and C-470.

At Heritage Hills you don't have to trade the lifestyle you want for the location you need. Here, in addition to beautiful and well-crafted custom homes, you'll find wonderful amenities including, two junior Olympic-sized pools, tennis and basketball courts, a mini-soccer field and play areas for kids, in addition to an active community association and close-knit neighbors.

With semi-custom homes priced from the low-\$700s and custom homes from \$1 million+, buyers are sure to find the perfect home in their price range.

About the Builder

Building something amazing. It's what drives Celebrity Custom Homes. And every new day is a chance to outdo themselves. For over 50 years and two generations in the business, Celebrity has built some of Colorado's most thoughtful homes. They love what they do and it shows in their work.

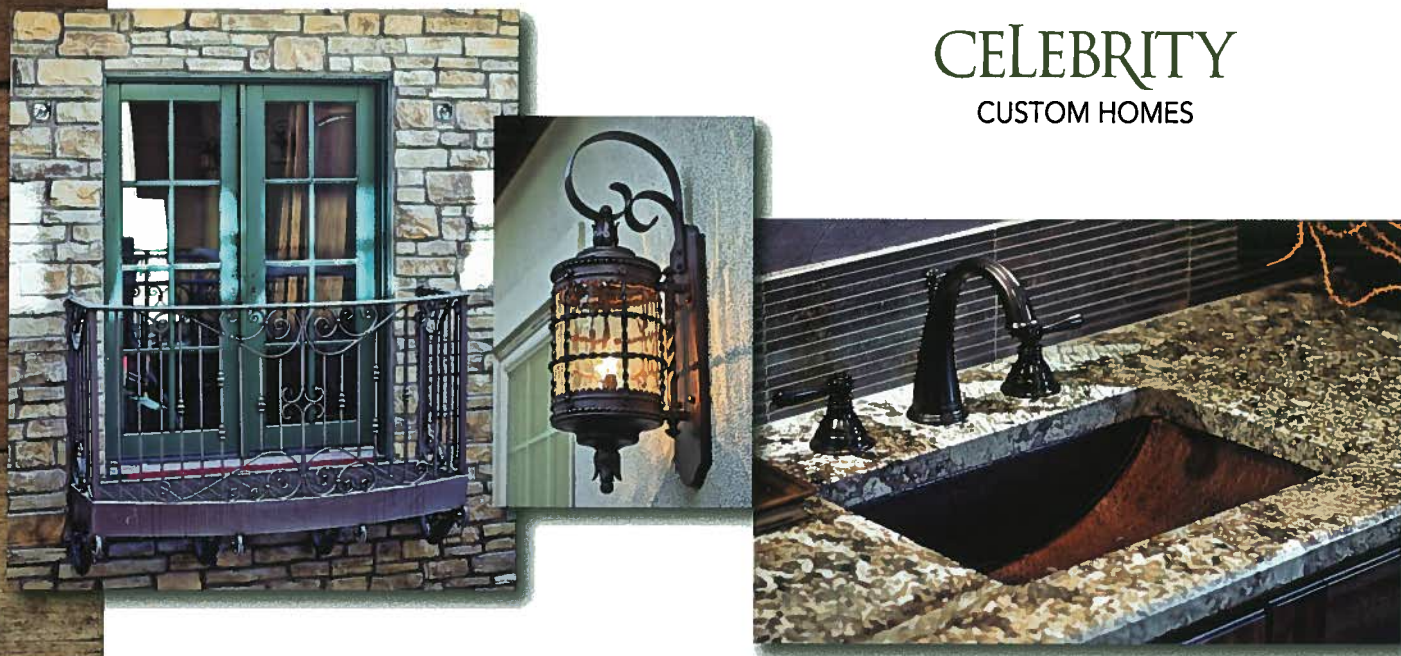

The secret to their longevity is surprisingly simple. Celebrity doesn't try to build the most homes, 18 to 20 a year maximum. Or the largest homes, although some are pretty impressive. And by staying small and nimble they are able to give every project their full expertise. Making sure even the parts you might never see are done beautifully and to their exacting standards.

They start by pouring nine-inch-thick foundation walls, an inch over code, to achieve a 40-percent increase in overall strength. Add to that, things like solid external sheeting to increase sheer integrity. And that solid sense of quality and stability permeates every aspect of the home.

Then, they extend those standards to the parts you see every day. Liberal use of custom tile in baths and entries, rich hardwood floors, fireplace mantels, cabinetry, bookshelves and trim, gourmet kitchens with Kitchen Aid® appliances, natural stone in outdoor spaces, hearths and basements.

Celebrity's homes are defined by brilliant design, premium materials, stunning craftsmanship and, of course, exceptional livability. They take pride in turning their plans into your home. Because if what they do inspires them, it'll inspire you.

CELEBRITY
CUSTOM HOMES

Plan Three: Two Story

- 4 - 6 Bedrooms
- 4.5 - 6.5 Bathrooms
- 1 Study + optional flex space
- Courtyard with al fresco dining room
- 4 Garage spaces

It has the most space, and quite possibly, the most dramatic spaces of any home offered in The Overlook. Plan Three wraps itself around a main level or basement level courtyard large enough to include both a generous seating area and an al fresco dining room. Want to make things even more interesting? Opt for the folding NanaWalls® that remove all barriers between the main-floor living areas and the courtyard. Enjoy your second office or choose a secluded guest suite. An optional guest casita. A small library on the staircase landing. A balcony off the upstairs hall. An optional private balcony for the master bedroom. This home is filled with the practical, beautiful and utterly unique.

The Overlook

The Overlook stands as a beautiful example of what Heritage Hills is all about.

Providing a perfect counterbalance of diverse and interesting architecture but with an aesthetic continuity that pulls the community together. And, once you see it, you'll understand you're in a very special place ... within a very special place.

The Overlook features semi-custom homes ... but they are so much more. These semi-custom homes are offered by Celebrity Custom Homes, a custom home builder with over 50 years experience in the Denver area. So you get experienced craftsmanship, premium materials and attention to detail which a limited-edition builder can give. Things a production builder could never deliver for any price.

The French, English, Spanish and Italian inspired architecture is inspired in other ways too. With wide-open floorplans and rooms that flow intuitively from one to another, Overlook homes thoughtfully accommodate how modern multi-tasking families will use them. Generous family rooms, libraries, mud rooms, butlers pantries and casitas that create a private enclave for houseguests to make entertaining easy and enjoyable.

The final neighborhood to be built in Heritage Hills is Colorado living at its best. Perched atop the highest elevation in Heritage Hills and true to its name, The Overlook's prime location within the community offers Front Range and city views. To maximize that aspect, these homes include festive courtyards and outdoor rooms to take advantage of the quintessential Colorado lifestyle.

The Overlook in Heritage Hills is within walking distance to Light Rail, for easy access to downtown and the DTC. And still close to everything the community has to offer. This is your opportunity to build a semi-custom home in Heritage Hills and one that won't last long.

CELEBRITY
CUSTOM HOMES

Plan One: Two Story

- 3 - 4 Bedrooms
- 2.5 - 3.5 Bathrooms
- Study
- Courtyard
- 3 Garage spaces

Whether you're throwing a party or spending a quiet evening with the family, this is a home that invites everyone to find his or her favorite spot. The great room and the courtyard are the obvious choices. But you also have no fewer than three informal eating spaces: a large kitchen island, a covered outdoor room, and a breakfast nook, which can become a hearth room with the addition of an optional fireplace. Upstairs is an elegant master suite featuring a magnificent master bath with distinct his and her dressing areas. You'll also find another one of those "favorite spots" — a loft with its own balcony.

CELEBRITY
CUSTOM HOMES

Plan Two: Main Floor Master

- 3 - 5 Bedrooms
- 3.5 Bathrooms
- Study
- Courtyard
- 3 - 4 Garage spaces

The Overlook's Plan Two combines the ease of a main-level master bedroom with the space of a two story. It also presents you with a difficult decision: would you rather give yourself a fourth garage space, or extend the courtyard to include a sitting area with an optional outdoor fireplace? Fortunately, you don't have to choose right now. Just savor the idea of a wide-open great room and kitchen which feel even more expansive thanks to two-story ceilings that stretch over the entire space. Or imagine unwinding in your master bathroom, with its elegantly symmetrical layout. Eventually, you'll have to face that fourth-car garage question. Fortunately, you can't make a wrong choice.

CUSTOM HOMES

Plan Four: Ranch

- 2 bedrooms including a private guest apartment
- 2.5 - 3 Bathrooms
- Study
- Courtyard
- 3 Garage spaces

There are ranch homes. And then there's Plan Four at The Overlook. From the moment you step from the courtyard into the rotunda foyer, you know you've gone far beyond the ordinary. The great room and kitchen flow together to create a single sunlit space. With the optional folding NanaWall®, the flow extends to the outdoor room. A study, which can also serve as a second bedroom, has French doors leading to the courtyard. And Plan Four offers your guests not just a suite, but a private casita, complete with living and sleeping areas, a full bath and even a galley kitchen. It is truly a ranch like no other.
